

StarBoard FX-DUO-63/77

INTERACTIVE WHITEBOARD

Double Inspiration, Unlimited Potential

The key to the FX-DUO interactive whiteboard is touch. Dive right into your presentations by using your finger or a stylus pen to easily navigate through computer applications, websites and multi-media content. Engage your audience with interactive activities and a variety of digital tools that will inspire participation.

Touch and Control

All operations on the board can be performed with a finger, stylus pen or an electronic pen, depending on your preference.

Multi-Touch Features

Operate the board using hand gestures to zoom or scroll through the pages and images.

Interactive Group Work

Two users can operate the board simultaneously whilst working on the same task.

Quick Access to Current Functions

The function buttons situated on each side of the board allow quick access to the most current functions.

Key features

- Use a finger, stylus or an electronic pen to operate the whiteboard
- Deactivate the finger mode for full control on the board with electronic pen
- Interactive group work - two users can use the board simultaneously
- Multi-touch input - operate the whiteboard using both hands (scroll/ zoom-in/ zoom-out)
- Electronic-free surface
- Field replaceable digitiser
- Low-reflection surface coating minimizes the projector reflection
